

Everything you need to know about MUTA's training academy

Introduction

Welcome to MUTA's training academy – our new digital learning platform designed to support members and the wider temporary structure and events industry.

Developing in partnership with Nucleus Technologies, the academy is powered by a purpose-built learning management that provides:

- Industry-specific MUTA courses
- A wide range of high-quality, on-demand courses
- Real-time progress tracking
- Digital certification
- Scalable access for teams of all sizes

Whether you're onboarding new starters, refreshing experienced staff, or upgrading core competencies, the new academy supports training at every level.

Accessing the marketplace

[Click here to view marketplace.](#)

From the marketplace, you can:

- Browse available courses
- View pricing
- Purchase courses
- Access your learner dashboard

Important: MUTA members must log in before viewing and purchasing courses on the platform. Otherwise you may be charged the non-member rate.

Access the academy

[Click here to access the academy.](#)

From the academy, you can:

- Take courses
- Assign courses (if assigned as an admin)

- View and download certificates
- View and download invoices
- Monitor progress of students (if assigned as an admin)

Note: You cannot log in to the training academy using your details for the members' area of the MUTA website.

Vehicle, plant and equipment	£35	£50
Work at height	£35	£50
Workplace health and safety	£35	£50

Note: Prices quoted are per student and exclude VAT.

Payment

Payment must be made using debit or credit card on checkout.

VAT is calculated on checkout. Invoices can be accessed and downloaded from the training academy portal.

Bulk purchases

The opportunity to buy MUTA courses in bulk is available to members only.

Course	Minimum volume	Member price	Total
SiteSafe	20	£20	£400
Instruct – Frame Marquee	20	£30	£600

Note: Prices quoted are per student and exclude VAT.

To order courses in bulk, request a CSV order form by emailing info@muta.org.uk. Once you have completed the CSV file, send it to info@muta.org.uk and we will arrange for a payment link to be sent to you.

On receipt of payment, the students will be added to your training academy account for you to assign accordingly.

Note: Students must have an active email address as they are invited to access the platform via an invitation email.

Course expiry dates

There is a three year expiry date for MUTA courses and a five year expiry date for on demand courses.

Course certificates

At the end of the course, learners must complete a knowledge check. Each student has one attempt to pass the knowledge check.

If you pass the check, you will be awarded a certificate of completion which can be accessed via the training academy portal.

If a passing score is not achieved, the course will be marked as failed. A student is allowed one more attempt but if there is a fail on the second attempt then another course must be purchased.

Types of access

- Admin – a user with permission to take and manage courses, users, assignments, and reporting within the platform
- Student – a user who accesses the platform to complete assigned training courses

Note: You can have more than one admin account.

Note: Students must have an active email address as they are invited to access the platform via an invitation email.

Help and support

Please see the how to videos on page four. If you encounter any problems or technical issues, email info@muta.org.uk.
